REPORT.

HEADQUARTERS OF THE POLICE DEPARTMENT,
OFFICE OF THE POLICE COMMISSIONER, 29 PEMBERTON SQUARE,
BOSTON, Dec. 1, 1920.

To His Excellency CALVIN COOLIDGE, *Governor*.

YOUR EXCELLENCY:—As Police Commissioner for the City of Boston, I have the honor to present, in compliance with the provisions of chapter 291 of the Acts of 1906, a report of the police department for the year ending Nov. 30, 1920.

My efforts during that period, and those of the superior officers, have been largely confined to perfecting the new organization made necessary by the events of September, 1919. From the 9th of that month to the 30th of November, 1920, there have been appointed 1,570 patrolmen, of whom approximately 75 per cent are veterans, and there have also been changes in their personnel to the number of 327, of whom 178 have voluntarily resigned. How successful our efforts have been in organizing a new police force, we leave to the public to judge, but feel that we can say that we have used every effort to produce good results, and believe that the records submitted herewith will prove that the police force now in charge of the city has done excellent work.

Section 8 of chapter 291 of the Acts of 1906 provides in part as follows: "The city of Boston shall provide all such accommodations for the police of said city as said police commissioner may require." In April, 1919, I submitted to the mayor of Boston an exhaustive report on the Boston station houses, pointing out the deficiencies and the lack of necessary accommodations for the police force. I then and

since have respectfully advised and recommended to the authorities of the city of Boston that they take appropriate action to make adequate provisions. Although my recommendations and requirements were not only reasonable but imperatively necessary, no one of them has been in any way adopted or met. The police department of the city of Boston to-day needs new station houses, and substantial additions and changes in others.

Chapter 29 of the General Acts of 1917 imposes upon the Listing Board, which is composed of the Police Commissioner and one member of the Board of Election Commissioners, the duty of listing all male residents, and it requires that the listing be done within a certain time, and that the lists be transmitted to the Election Commissioners within a certain time. Since that act was passed, by reason of the growth of the city, the time allowed by the statute has been found inadequate. Last year it was just barely possible to transmit the lists within the statutory period. With all due diligence used, it required the work to be done under high pressure such as may be justified only in emergencies. The present situation is not an emergency; it is the natural growth of the city. Chapter 29 of the General Acts of 1917 at the present time contemplates the listing of male persons only. Women actually on the voting list have their residences verified. If the act stands as it is, much more verification is necessary this year. If the act is amended, as it may well be, to provide that all female as well as male persons, twenty years of age and upwards, be listed and lists transmitted, the work becomes still greater. I recommend, therefore, legislation extending the time for listing and the time for transmitting the lists to the Election Commissioners in accordance with chapter 131 of the General Acts of 1919.

E. U. CURTIS,

Police Commissioner for the City of Boston.

BILLS SUBMITTED.

AN ACT RELATIVE TO THE LISTING OF VOTERS IN THE CITY OF BOSTON.

SECTION 1. Section eight of chapter twenty-nine of the General Acts of nineteen hundred and seventeen, is hereby amended by striking out in the second line thereof the word "seven", and inserting in place thereof the word ; by striking out in the twenty-ninth line thereof the word "seven", and inserting in place thereof the word ; by striking out in the thirty-first line thereof the word "eighteen", and inserting in place thereof the word ; by striking out in the thirty-second line the word "April", and inserting in place thereof the word , — so that the same may read as follows: — *Section 8.* The listing board shall, within the first week days of April in each year, by itself or by police officers subject to the jurisdiction of the police commissioner, visit every building in said city, and after diligent inquiry, make true lists, arranged by streets, wards and voting precincts, and containing, as nearly as the board can ascertain, the name, age, occupation and residence on the first day of April in the current year, and the residence on the first day of April in the preceding year, of every male person, twenty years of age or upwards, who is not a pauper in a public institution, residing in said city. Said board shall designate in the said lists all buildings used as residences by such male persons, in their order on the street where they are situated, by giving the number or other definite description of every such building so that it can readily be identified, and shall place opposite the number or other description of every such building the name, age and occupation of every such male person residing therein on the first day of April in the current year, and his residence on the first day of April in the preceding year. The board shall also inquire at the residences of the women voters whose names are contained in the list transmitted to them by the election commissioners, under section seventy-six of said chapter eight hundred and thirty-

five, whether such women voters are resident thereat, and shall thereupon make true lists of the women voters found by them. If in any year the police commissioner shall believe it to be impracticable, because of any public exigency requiring unusual service from the police force of the city, to complete within the first week days of April the said visitation, and to transmit to the election commissioners on or before the day of the lists described in this section, he shall have authority, after having given notice in writing to the listing board and to the board of election commissioners of the city, to take such further time for the said visitation and transmission, not exceeding ten week days, as he shall deem necessary.

The board shall place in the lists made by it, opposite the name of every such male person or woman voter, the name of the inmate, owner or occupant of the building, or the name and residence of any other person who gives the information relating to such male person or woman voter. Where such information is given by one person relating to more than one such male person or woman voter residing in one building, ditto marks may be used in the lists under the name of the person giving the information, after his name has once been placed opposite the name of such male person or woman voter first written down as residing in such building.

The board shall, upon the personal application of a person listed for the correction of any error in their lists, or whenever informed of any such error, make due investigation, and upon proof thereof correct the same on their lists, and shall immediately notify the election commissioners of such correction, who shall correct their copies of said lists accordingly and proceed to revise and correct the registers under the provisions of section fifty-one of said chapter eight hundred and thirty-five. The board shall cause all applications and affidavits received by it under this section to be preserved for two years.

SECTION 2. Section nine of chapter twenty-nine of the General Acts of nineteen hundred and seventeen is hereby amended by striking out in the first line the word "eighteenth", and inserting in place thereof the word ; and by striking out in the second line thereof the word "April", and inserting in place thereof the word , — so that the same may read as follows:— *Section 9.* The board shall on or before the day of in each

year, transmit to the election commissioners certified copies of those parts of the lists prepared as provided in the preceding section, containing the name, age, occupation and residence on the first day of April in the current year, and the residence on the first day of April in the preceding year, of every male person, twenty years of age or upwards, residing in said city, and shall promptly transmit to the election commissioners notice of every addition to and correction in the lists made by it. The board shall furnish all information in its possession necessary to aid the election commissioners in the performance of their duties.

WORK OF THE DEPARTMENT.

Arrests.

The total number of persons arrested, counting each arrest as that of a separate person, was 58,817 as against 67,947 the preceding year, being a decrease of 9,130. The percentage of decrease and increase was as follows: —

	Per Cent.
Offences against the person,	Decrease, 14.22
Offences against property committed with violence,	Decrease, 21.08
Offences against property committed without violence,	Decrease, 19.11
Malicious offences against property,	Decrease, 30.82
Forgery and offences against the currency,	Decrease, 4.49
Offences against the license laws,	Increase, 64.58
Offences against chastity, morality, etc.,	Decrease, 17.07
Offences not included in the foregoing,	Decrease, 13.74

There were 7,214 persons arrested on warrants and 35,964 without warrants; 15,639 persons were summoned by the court; 55,746 persons were held for trial; 2,997 were released from custody; and 74 were delivered to United States authorities. The number of males arrested was 54,532; of females, 4,285; of foreigners, 20,918, or approximately 35.56 per cent; of minors, 7,997. Of the total number arrested, 18,953, or 32.22 per cent, were nonresidents. (See Tables X, XI.)

The average amount of fines imposed by the courts for the five years from 1916 to 1920, inclusive, was \$121,626.20; in 1920 it was \$154,767.50, or \$33,141.30 more than the average.

The average number of days' attendance at court was 38,644; in 1920 it was 28,903, or 9,741 less than the average. The average amount of witness fees earned was \$10,623.84; in 1920 it was \$7,617.63, or \$3,006.21 less than the average. (See Table XIII.)

Drunkenness.

In the arrests for drunkenness the average per day was 59. There were 13,740 fewer persons arrested than in 1919, a decrease of 38.66 per cent; 37.85 per cent of the arrested persons were nonresidents, and 38.46 per cent were of foreign birth. (See Table XI.)

Bureau of Criminal Investigation.

The "identification room" now contains 59,944 photographs, 52,746 of which are photographs with Bertillon measurements, a system used by the department for the past twenty-one years. In accordance with the Revised Laws, chapter 225, sections 18 and 21, we are allowed photographs with Bertillon measurements taken of convicts in the State Prison and reformatory, a number of which have already been added to our Bertillon cabinets. This, together with the adoption of the system by the department in 1898, is and will continue to be of great assistance in the identification of criminals. A large number of important

identifications have thus been made during the year for this and other police departments, through which the sentences in many instances have been materially increased. The records of 422 criminals have been added to the records in this Bureau, which now contains a total of 42,258. The number of cases reported at this office which have been investigated during the year is 27,561. There are 34,467 cases reported on the assignment books kept for this purpose, and reports made on these cases are filed away for future reference. The system of indexing adopted by this Bureau for the use of the department now contains a list of records, histories, photographs, dates of arrest, etc., of about 180,000 persons. There are also "histories and press clippings," now numbering 8,254, made by this Bureau, in envelope form for police reference.

The finger-print system of identification which was adopted in June, 1906, has progressed in a satisfactory manner, and with it the identification of criminals is facilitated. It has become very useful in tracing criminals and furnishing corroborating evidence in many instances.

The statistics of the work of this branch of the service are included in the statement of the general work of the department, but as the duties are of a special character the following statement will be of interest: —

Number of persons arrested, principally for felonies,	1,524
Fugitives from justice from other States, arrested and delivered to officers from those States,	33
Number of cases investigated,	27,561

There were 21,800 persons arrested for drunkenness, being 13,740 less than last year, and 35,548 less than the average for the past five years. The average amount of property stolen in the city for the five years from 1916 to 1920, inclusive, was \$816,341.32; in 1920 it was \$1,630,009.09, or \$813,667.77 more than the average. The amount of property stolen in and out of the city which was recovered by the Boston police was \$1,402,-880.92, as against \$1,238,206.26 last year, or \$164,674.66 more.

POLICE SIGNAL SERVICE.

Signal Boxes.

The total number of boxes in use is 504. Of these, 328 are connected with the underground system, and 176 with the overhead.

Miscellaneous Work.

During the year the employees of this service responded to 1,554 trouble calls; inspected 504 signal boxes, 18 signal desks and 955 batteries; repaired 53 box movements, 22 registers, 15 polar box bells, 18 locks, 5 time stamps, 12 gongs, 2 stable motors, 8 vibrator bells, 1 pole changer, besides repairing all bell and electric light work at headquarters and the various stations. There have been made 7 plungers, 14 complete box fittings, 10 line blocks, and a large amount of small work done that cannot be classified.

The following boxes have been installed underground: 1 at Station 6, 1 at Station 14, and 1 at Station 15. Compliance with the prescribed districts is very much delayed on account of the New England Telephone & Telegraph Company being unable to lay ducts. A part of the 1918 district has just been completed on Chestnut Hill Avenue, Brighton, and our cable installed. I Street, South Boston, cannot be done this year on account of ducts. The street commissioner has just ordered the telephone company to lay ducts on Market Street, Brighton, as he intends to resurface that street, but this department will be unable to install until late in December. If this is laid it will leave 4,575 feet (of the 13,500 feet bought this year) to be laid on I Street next year. A motor truck to replace the horse-drawn line wagon will soon be in service in the line department.

There are in use in the signal service 3 horses, 3 patrol wagons and 1 pung.

During the year the wagons made 27,399 runs, covering an aggregate distance of 38,115 miles. There were 23,381 prisoners conveyed to the station houses, 2,922 runs were made to take injured or insane persons to station houses, the hospitals or their homes; and 472 runs were made to

take lost children to station houses. There were 999 runs to fires and 84 runs for liquor seizures. During the year there were 504 signal boxes in use arranged on 72 battery circuits and 70 telephone circuits; 553,441 telephone messages and 3,864,569 "on duty" calls were sent over the lines.
